The Rev. J. S. Sims will deliver the address for the Oddfellows of Helena at the Anniversary celebration on Monday evening next.

Yesterday one Italian Professor ground out music on a back number hand-organ while another carried the monkey through the crowd gathering in the penes. It was an unmitigated piece of spring.

Captain J. M. C. Ballenger, after a long and serious illness, was at the streets yesterday receiving the heartiest of congratulations on his recovery. With no untoward circumstances, Mr. Ballenger will soon be able to greet his friends at the old stand.

WILL GET BACK.

Captain Joseph A. Sparks of Vaneburg Will Again Be Chief of Division.

THE LEDGER has a straight tip from Washington City that Captain Joseph A. Sparks, who was Chief of one of the most important Divisions of the Treasury Department under President Harrison, will be given his old place under President McKinley's Administration.

It is stated also that, as this is to be a "Soldier's Administration," all ex-soldiers who are competent and worthy, and who held office under Harrison, will be reappointed under McKinley if they desire such reappointment.

THE FLEMING WAY.

The Fiscal Court Baying the Turnpikes and Paying For Them.

The Fiscal Court has solved the turnpike question in Fleming county.

One hundred and seventy-five miles of pike were bought by the county at a net cost of \$13,000, payable in one, two and three years.

This leaves only two tollroads now in the county—Maysville and Mt. Sterling, seventeen miles, and the Mayville and Lexington, seven miles.

A twenty-five cent tax was levied, which will raise about \$13,000 per year.

This amount will pay for the roads in three years, and at the same time keep them in repair.

Everybody seems satisfied with the action of the Court.

WORKS LIKE A CHARM.

Jason Johnson bought a cycle, best he ever saw;

Got it for a birthday present for his mother-in-law.

IN KANSAS CITY.

Mr. Edward H. Thomas an Active Candidate for Immigrant Inspector.

Mr. Edward H. Thomas, son of Mr. E. H. Thomas of this city, is one of the candidates for the office of Immigrant Inspector at Kansas City.

It had been claimed that that office would be abolished at Kansas City, but as yet no notice of such action has been received, and a lively race is going on among the several candidates.

Mr. Thomas has long been living in Missouri, now residing in Liberty, and his numerous friends here would be glad to hear of his appointment to the office which he seeks.

PRACTICING DENTISTRY.

The Court of Appeals Has Just Settled Who Are Qualified Dentists.

Every now and then some dental student starts to practice the profession before graduation and before he has been given a certificate by the State Examiners; and upon the point the Court of Appeals has just handed down a decision in a case taken up from Breckinridge county.

Judge Hazlerig, delivering the opinion of the Court, holds—

First—The act of May, 1893, regulating the practice of dentistry does not repeal the former statutes on that subject, but the acts of 1878, 1886 and 1893 are to be regarded as constituting a consistent and homogeneous body of laws touching the practice of that profession.

Second—An indictment charging the accused with practicing dentistry without having first procured a certificate of qualifications from the Board of Examiners of the Kentucky State Dental Association, is good, and so to practice is a misdemeanor under the statute.

Third—Every dentist, no matter when he began to practice or how long he has continued it, is now required to have a certificate from that Board before he can legally engage in his business.

Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

The Bible Training Class is just becoming one of the most interesting meetings of the week.

Several of the young men should be careful how they conduct themselves in the rooms. Some seem to think that they not only own the building, but intend to make the lives of the tenants on the lower floor miserable. It is to be hoped that the Parlor will not be mistaken for the Gymnasium, while the piano is not to be used as a plaything.

Committees are at work arranging a program for Anniversary Day, when the first anniversary of the establishment of an all round Y. M. C. A. in this city will be celebrated. The services will be held in one of our evangelical Churches, the audience addressed by one of the most prominent speakers this country affords, while the rest of the program will be equally as interesting. At those exercises all the citizens of our devoted and beloved city will be made welcome.

The Young Men's Christian Association is going to attend to the wants of the young men now in the proper way. A class in penmanship and one in book-keeping have been put on foot, and it is hoped those who intend taking a course in either of these classes will notify the Secretary at once. Here's the opportunity that several of the boys have been longing for, and as the only expense attached in the purchase of material, a large class, both these important branches should be started at once. The teachers are fully capable to teach those who are willing to be taught.

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

HOW TO FIND OUT.

Fill a bottle of common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stands like this, it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists; price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention The Public Ledger and send your full Postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

THE GREEKS

Maintaining Their Positions in the Battle at Larissa.

Fighting is Going on All Along the Frontier Line.

King George Will Start for Larissa Next Monday—The Turkish Fleet is Unfit for Active Operations—The Greeks are Winning the Battle of the Sea.

LONDON, April 23.—The war news received from the special correspondents of the London morning papers for publication Friday, is meager and somewhat conflicting. The only certainty seems to be that Tynarus has not yet fallen, but Neseos is in the hands of the Turks.

The Chronicle's Athens correspondent says that the Greeks have retreated from Mali.

According to the Times correspondent at Athens the result of the fighting, which was raging furiously at Larissa, would be determined by the fate of Larissa, and, if the Turks capture Mali, Tynarus must fall.

A telegram from Larissa, dated 8 o'clock Thursday evening, says that 10,000 Turks are engaged, and that Crown Prince Constantine has arrived on the scene of the fighting. The Greeks are maintaining their positions.

All the dispatches from Athens admit that the situation is extremely grave. Fighting appears to be going on along the whole frontier line. It is rumored there that the king will start for Larissa on Monday next.

The western division of the Greek fleet has sailed from Lemnos for the coast of Epirus with the design of fomenting a revolt among the Albanians. It is said that Hatz Pasha will resign the command of the Turkish fleet if it is ordered to leave the Dardanelles. He is said to have declared the vessels "quite unfit for active operations."

A dispatch to the Times from Cana says that fighting is going on almost daily in the vicinity of Cana, where there are 5,000 insurgents, including 500 cavalry, together with a considerable body of Greek troops and four heavy guns.

The governor expresses fear lest the insurgents may attack the town in mass. The Turks there have no field guns.

LARISSA, April 23.—The latest news from the district of Kuraldagh (probably identical with Gritsivali) is that the place has been recaptured by the Greeks.

LONDON, April 23.—A special dispatch from Athens says that offers of help are reaching the Greek government from all quarters and that the military authorities expect to see 40,000 volunteers enrolled under the Greek flag before the beginning of next week.

The Epitrotes at Athens are preparing to leave that city in order to assist the Greeks in capturing Epirus as far as the Berlin treaty line.

The National League of Greece has advanced the passage money for 1,000 Greek soldiers who are to leave for Epirus immediately. The Pan-Hellenic steamer Albanian is on her way to Kinali to embark 500 Italian troops. The Greek minister at Rome telegraphs, are ready to fight for Greece.

HEAVY ARTILLERY OF THE GREEKS. Larissa, April 23.—The latest advice as to the situation at Larissa says that on Sunday the Turks made a sortie from the city, but that the Greek position at Boughazi passed and Sideropolis.

After severe fighting the Greeks drove the Turks back across the frontier with a loss of five guns.

The Turks have descended from Milosua pass on the mountain. The result is not yet known here.

Four hundred members of the foreign legion, including 100 Englishmen under Capt. Birch, arrived here on Tuesday. They were received with a great demonstration, which ended on their departure for the front in the evening. Intense enthusiasm was caused among the Greeks when the Englishmen sang the Greek national war songs.

The Greek Evzones and a mountain battery, having received the remains of the St. George monastery, were taken by the Turks on the flank. After a severe fight, lasting many hours, the Turkish army, on Monday had driven the Greeks from Mali and Ligar, brought 1000 Cretan cavalry from Klasona.

The Cretans began to extend into the plain, but being repulsed by the Greek, Col. Metropoulos battery and the Evzones they are compelled to fall back on Ligar with great loss.

A portion of the fleeing Turks have crossed the Milosua pass and are headed for Klasona. The Greek infantry, extending in a semi-circle from Tynarus to Karavali, with figures, herds and cattle, horses and donkeys, women and children on foot, with women carrying chairs, beds and household goods on their backs, on Monday was on and in every conceivable sort of vehicle.

The scene is heartrending and reminds one of Pliny's description of the flight from Pompeii after the eruption of Vesuvius.

Larissa is overcrowded. Food is scarce, the hospitals are full and there is an urgent appeal for nurses and surgical assistance. The wounded are arriving hourly and all the surgical operations must be performed without anesthetic, so that the scene is a most horrible one.

LONDON, April 23.—A dispatch to the Daily Chronicle from Athens says that the Greeks have built a mine at Larissa and destroyed the Turkish army.

THE CREVASSE

In the Promised Land Nearly Four Hundred Feet Wide.

Water Pouring Through in Torrents From Six to Eight Feet Deep.

Disastrous Accounts of the Condition in the Bog Country—Great Loss of Lives and Cattle—Famine and Plague in the District.

JACKSON, Miss., April 23.—A special to the Associated Press from Greenville, Miss., says: The latest news Thursday morning from the Promised Land near Jackson county estimates the crevasse to be nearly 400 feet wide and pouring through in heavy torrents, six or eight feet deep. Black water is rising with startling rapidity, the country being already overflooded.

A message from Balesh, Mr. B. Duncas' plantation, six miles above the crevasse, says the backwater rose one foot three inches Wednesday night and that all dry spots were rapidly disappearing. Great loss of mules and cattle has already resulted, and it is expected that human life has already been lost in the Steele bayou country, where the people believed themselves safe from any further rise.

Dr. L. B. Toombs, of this city, a prominent physician and planter, made a trip out in the bog country 25 miles northeast of here Wednesday and brings back deplorable accounts of the condition there. He says that 500 Negroes, men, women and children, are huddled together with starving horses, mules, cows, pigs, poultry, cats and dogs on a piece of railroad grade. They are being looked after by no one and have starvation rations to keep them from dying only. They have no tents and their only shelter is a patchwork of mud, stretched on poles and nailed with cross ties. The grade is cut through by the water above and below them and they are literally surrounded by it on every side.

KANAWA CITY, Mo., April 23.—The Missouri has fallen one and three-quarters inches since Wednesday, and is still receding. The gauge Thursday read 31, exactly the danger mark. There now seems no likelihood of a further rise.

ST. LOUIS, April 23.—The river at St. Louis, it is expected, will rise to about 27.5 feet on Friday, and then the main about stationary for a day or two. The Missouri will fall slowly. The Upper Missouri will fall slowly. The Upper Missouri will fall slowly.

A rise of 3.0 of water was shown by the gauge here this morning with an advance of 8 at Hannibal. Above there on the Mississippi river the water is falling as well as in the Missouri river.
